

A photograph of a rural landscape. In the foreground, a row of young, leafy green trees stands in a field. Behind them, a dense forest of taller trees covers a hillside. The text is overlaid on the lower half of the image.

Agricultural Issues and Recommendations from the Citizens Advisory Committee

STROUD™ WATER RESEARCH CENTER

Independent not-for-profit
Research and Environmental Education Center

Mission

STROUD™ WATER
RESEARCH CENTER

To advance global knowledge and stewardship of
fresh water through research and education

Freshwater

IS OUR FOCUS

Multi disciplinary and collaborative research:

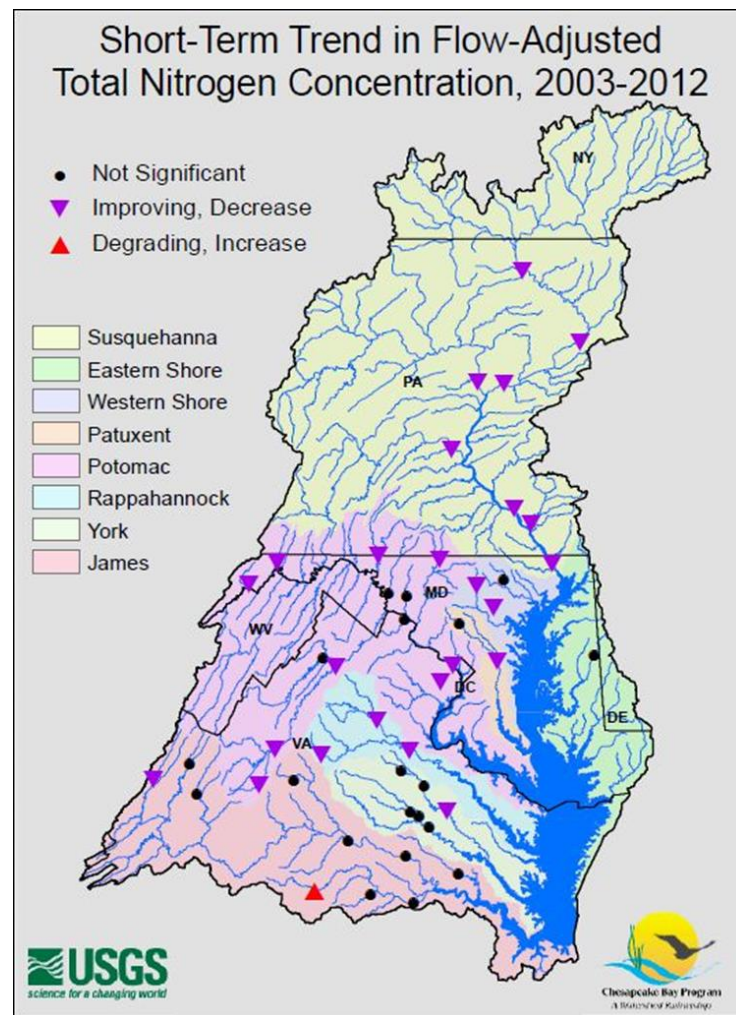

- Fisheries
- Entomology
- Microbiology
- Biogeochemistry
- Isotope Geochemistry
- Hydrology & Geomorphology
- Ecosystem Modeling
- Environmental Education

??? Modeling vs. Monitoring ???

**Status of Trajectory Towards Achieving 2017 Interim Targets:
Nitrogen**

	Agriculture	Wastewater	Stormwater	Septic	Overall
Delaware	Yellow	Green	Red	Red	Green
District	White	Green	Red	White	Green
Maryland	Red	Yellow	Red	Red	Red
New York	Red	Red	Red	Red	Red
Pennsylvania	Red	Green	Red	Red	Red
Virginia	Green	Green	Red	Red	Green
West Virginia	Green	Green	Red	Green	Green
